

Conference room

Pricing

The conference room was created according to the modern age requirements. The basic area is ~100m². With bulkhead it can be easily transformed into smaller, 15-20 person capacity or bigger, 70-80 person capacity room. It can be a perfect place for smaller discussions, bigger events or for trainings.

There are options for different form of transformation. :

- Conference table layout
- Theatre layout
- V-form chair in series
- U-form layout
- School desk layout
- Group sitting

The equipment of the conference room:

- Intelligent control
- Wireless internet connection
- Microfon and sounds
- Smart TV
- Projector
- Projection screen
- Flipchart table
- Personally controlled air-conditioning
- Naturally- and manually controlled brightness
- Luggage safety
- Technical assistance

For coffee break, buffet lunch, sitted eating are not only possible in the restaurant but these can performed in the hall of the conference room, so with a little bit of delay at the conference the participant can be fed.
